TaHoma switch THE POWER TO WIN OVER YOUR CUSTOMERS

TaHoma switch is the first smart control to centralise and connect home equipment, enabling your customers to ease their daily routine, save precious time and enjoy greater peace of mind.

Give yourself the power to:

Sell more easily

Installing motorised equipment is the first step to making their life more comfortable and convenient. Adding connectivity brings valuable benefits thanks to centralisation and all the power of TaHoma. Connected equipment is now easy for you to sell.

Give your customers the power to:

Customise scenes

It has two customisable scene launcher buttons to launch their daily routines in just one touch.

Control conveniently

In 3 different ways: on the smart control; at home, away or automatically using TaHoma app; and with a compatible voice assistant.

Enrich their home experience

Somfy's complete and open ecosystem is compatible with close to 300 types of products from Somfy and partners.

**POWER UP
YOUR BUSINESS**

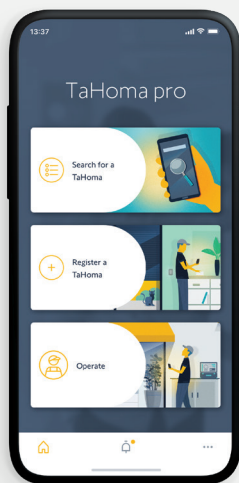

✓ **1 out of every 3 TaHoma owners**
buys on average 2 new Somfy
products a year, including 1 motor

✓ **Sell more equipment:**
1 TaHoma = around
10 installed products

TaHoma pro

THE POWER TO COMMISSION MORE EASILY

TaHoma pro app, Somfy's smartphone tool, helps you quickly and reliably commission all connected equipment. Your installations are now easier to manage, helping you save time and get more done in total confidence.

Give yourself the power to:

Be efficient

Simpler management of all your connected installations directly from your app.

Set up intuitively

A step-by-step guide to set up a connected installation and reliably adjust motors, error-free.

Work on-the-go

All of your installations are right in your pocket, available at the tap of a finger.

POWER UP
YOUR INSTALLATIONS

✓ Faster
commissioning

✓ Foolproof
setup

✓ Quick access
to all installations

Serv-e-Go

THE POWER TO SERVICE REMOTELY

Serv-e-Go is Somfy's online maintenance tool for connected equipment. It gives you a clear overview of all your installations, helping you diagnose problems and prepare better for customer visits. Spend less time on the road and more time on activities that have greater value for your business.

Give yourself the power to:

Get full visibility

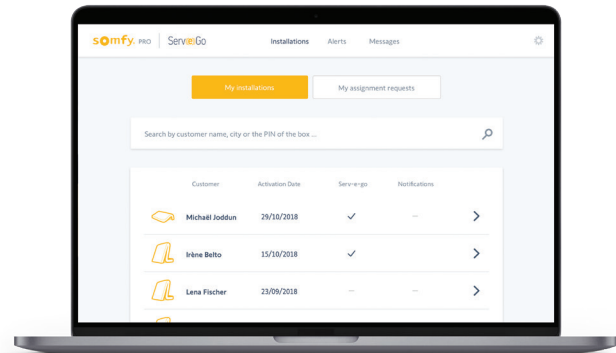

Lists all the connected equipment installed and shows its current status.

Stay ahead

Remote troubleshooting allows you to better prepare for service visits, by planning the time and equipment required.

Be responsive

Quickly service equipment and reconfigure it remotely, without leaving your office. Receive alerts and take action before customers call.

**POWER UP
YOUR SERVICES**

✔ **Visibility and
anticipation**

✔ **Less travel: save
time & money**

✔ **Customer
satisfaction**

About Somfy

Somfy's leading smart management solutions for homes and buildings have been improving people's daily lives for over 50 years. Developed with comfort, ease of use, security and sustainability in mind, our innovations automate and connect rolling shutters, curtains and blinds, gates and garage doors, lighting and heating, alarms systems and more. We are committed to creating useful solutions that are accessible to all, designed for today and beyond.
